*Abstract of proposed collection:*

Forms for this collection are completed by panel physicians for refugees, aliens seeking immigrant visas, and for some aliens seeking nonimmigrant visas to the United States. The collection records medical information necessary to determine whether refugees or visa applicants have medical conditions affecting the applicant's eligibility for a visa, or affecting the public health and requiring treatment.

*Methodology:*

A panel physician, contracted by the consular post in accordance with instructions issued by the Centers for Disease Control (CDC), performs the medical examination of the applicant and completes the forms. Panel physicians follow Forms DS-3025, DS-3026, and DS-3030. Upon completing the applicant's medical examination, the examining panel physician submits a report to the consular officer on Form DS-2054.
